

Vision, Mission, and Objectives of the Psychological, Educational, and Academic Guidance Unit

Unit Vision

The Psychological, Educational, and Academic Guidance Unit aims to provide continuous advisory services in educational, academic, professional, and psychological fields, in accordance with international guidance and counseling standards.

Unit Mission

The unit seeks to offer advisory services that contribute to achieving students' educational, academic, and professional alignment according to quality standards in university guidance, while addressing and resolving any challenges students may encounter during their academic journey.

Unit Objectives

1. Provide educational, academic, professional, and psychological guidance services to the students of the College of Engineering at Al-Ayen Iraqi University.
2. Create a safe environment for students to enhance their academic performance, develop their skills, and improve integration into the university community while respecting cultural diversity.
3. Refine students' self-development skills through training sessions and advisory workshops.
4. Encourage students to participate in innovative and new engineering projects.
