

Curriculum Vitae (CV)

Personal Data

Name: Husain Awad Bneed Birth Date: 03/10/1987
Nationality : Iraqi Marital Status: Married
Phone no: [07807821216](tel:07807821216) Email: Husain.awad@yahoo.com
Address : Thi-Qar / Al Nasiriyah

Academic Achievement

- 2019 – 2023 : PhD degree in Molecular Biology – Cankiri Karatakin University
– Turkey.
- 2014 – 2016: Master's degree in Molecular Biology - State University of New
York - USA.
- 2005 – 2009: Bachelor's degree in Medical Technologies / Pathological
Analysis - Middle Technical University - College of Health and
Medical Technologies – Baghdad.

Practical Qualifications

- 2008 - 2009 Performing of graduation research for the purpose of obtaining a bachelor's degree in medical technologies / pathological analyzes, as the work included isolating swabs from the urology ward at Imam Hussein Teaching Hospital from various places. After that, these swabs were transferred to the Microbiology lab in order to cultivating them and isolating of bacteria that grow on special culture media, and then performing drug sensitivity test for each type of bacteria separately. And after unremitting efforts, the project was completed successfully.
- 2010 -2013 Pathological analysis technician at Imam Hussein Teaching Hospital in Nasiriyah (duties include conducting all types of pathological analyzes including hematology tests, hormones and immunological tests, clinical chemistry tests, parasites as well as microbiology tests, preparation of laboratory solutions and culture media that can be prepared inside the laboratory, maintaining equipment Laboratory and quality control follow-up.
- 2015 - 2016 Teaching assistant at the State University of New York (duties included giving lectures before practical lessons, preparing the teaching laboratory for students before the laboratory starts and observing the examination rooms).
At the same time, I worked on my master's thesis, in both its practical and theoretical sides, it was accomplished with excellent score.
- 2016 - 2017 Teaching assistant at the Higher Health Institute in Dhi Qar (duties included teaching physiology and microbiology). I also worked as a lecturer at both the College of Science / Dhi Qar University and the Medical Technical Institute in Nasiriyah (duties included teaching immunology, microbiology, cell science and genetics).
- 2017- 2018 Head of the laboratory unit at AL Nasiriyah Heart Hospital.
- 2018- 2019 Lecturer in the laboratory training course for biologists and pharmacists held in the Thi Qar Health Department (teaching medical microbiology)

Skills

Languages

Arabic : Mother language

English: Secondary, excellent language (Certificate of passing language institute with TOEFL test certificate from JCC (Jamestown Community College/ State University Of New York)

Technical skills:

- High experience in using computer and the Internet.
- Adaptation into teamwork.
- High ability to well-perform under work pressure.
- Have a good ability to build constructive social relationship .

Other Activities

- Volunteer to work at the Breast Cancer Early Detection Center in Buffalo city, NY/ USA .
 - Member of the Foreign Student Association of the State University of New York.
 - Contributing in many cultural seminars and scientific competitions held by the University of Buffalo, USA.
 - Conducting many seminars about skin diseases and the mutations that cause them.
-
