Ali Mohammed Hasan Al Tameemi

Lecturer

College of Petroleum Engineering

Al-Ayen University

Biography

EDUCATION:

Ph.D. in Petroleum Geology, Department of Geology, College of Science, Baghdad University.2018
MS in Geology, Department of Geology, College of Sciences. Baghdad University.2012
 BS in Geology, Department of Geology, College of Sciences. Baghdad University.2006.

Academic

-Free lance lecturer, Department of Applied Geology, College of Science, University of Babylon. 2007-2012.

Research

Research interests

1. Petroleum Geology
2. Sedimentology and depositional systems of carbonate rocks including outcrop and subsurface studies.
3. Sequence Stratigraphy of the carbonate rocks.
4. Wireline logs Interpretation
5. 5.3-D seismic interpretation.

PUBLICATIONS:

Formation Evaluation by using Well Logging of Mishrif Formation in the Noor Oil Field.	Iraqi Journal of Science.	2018
Geological modeling using Petrel Software of Mishrif Formation in Noor Oil Field, Southeastern Iraq	Iraqi Journal of Science	2018
