## EDUCATION

Heriot-Watt University, Edinburgh,  
Scotland, Master of Science (MSc)  
in Petroleum Engineering (2023).

## KEY SKILLS

- Strong Work Ethic
- Ability to Work Under Pressure
- Time Management
- Communication
- Teamwork
- Adaptability
- Patience

## OVERVIEW

During my master's studies at Heriot-Watt University, I engaged in various programs such as eclipse, techlog, Excel, and PowerPoint. I actively contributed to the development of an oil field during the FDP course.

## EXPERIENCE

***Lecturer, Al Ain University***

August 5, 2024 – Present

- Teaching various petroleum engineering subjects, including Numerical methods and reservoir simulation, and petroleum properties.
- Conducting research and guiding students in petroleum related projects.

***Amazon***

Employee Support and Logistics Assistant

October 19, 2023 – January 2, 2024

Assisted and supported employees needing help, ensuring efficient workflow and problem resolution.

Arranged and organized goods, maintaining orderly inventory and maximizing space utilization.

Responsible for transporting goods to the correct locations, ensuring timely and accurate delivery.

## Certifications

- ✓ Effect of Novel Solvents on Foam Stability for Enhancing Oil Recovery
- ✓ Study of the review into waterless gas shale fracturing technologies
